***Vogue Polska Travel* — a guide to the Polish mountains**

“The mountains have always been closest to me, so I have special feelings for this issue. From Bieszczady, through Beskidy, Pieniny, Tatry, to Sudety. Kilometer by kilometer, page by page, we describe places worth visiting, experiencing, and tasting. This time we focus especially on the history and culture of each of the regions,” writes Katarzyna Ciejka / Travelicious, the leading editor of *Vogue Polska Travel*, in her editorial. Together with Małgorzata Minta, she takes us for a trip to the Polish mountains, which are surprisingly very diverse. It is a wonderful journey full of flavors, breathtaking sights, Polish tradition and crafts.

The June issue of Vogue Polska with a special Vogue Polska Travel extra is available as of May 23. Order it today with one of two available cover page variants on Vogue.pl.
